Rye Recreation Space Use Agreement

Ms. Lull provided the Board with a summary of the Rye Recreation Space Use Agreement, which included her input on certain aspects. Discussion ensued on available classrooms, storage space, time availability, attendance and class/group sizes. Ms. Tsetsilas suggested that another Board member view the space before responding. Mr. Petralia stated that the top priority is the student population that uses the space during the school day. Ms. Moynahan added that it is up to the building administrator to determine space needs, and if there is not space to accommodate the agreement, then it should not happen. Ms. Tsetsilas added that it may not be a school issue, but rather a town issue. The needs of students are changing and teachers need different resources to teach all students. Dr. Marion stated that the Board does have a duty to show the town that both buildings are being used efficiently.
